

PINNACLE

PRODUCT INFORMATION

DISTILLERS TEQ NUTRI

DESCRIPTION

PINNACLE DISTILLERS TEQ NUTRI is a nutrient blend especially formulated for Tequila fermentations. A complete and balanced range of nutrients this blend contains nitrogen, phosphorus, vitamins and detoxifying factors to allow for a fast and trouble-free agave juice fermentation.

APPLICATION USE

Pinnacle TEQ Nutri can be used for the production of 100% and 51% Tequila in combination with Pinnacle TEQ yeast.

DIRECTIONS FOR USE

Before inoculating the yeast dissolve 0.5 to 0.9kg per 1000L (4.17 and 7.51 pounds per 1000 gallons) into agave juice.

Rehydrate Pinnacle TEQ yeast into 10X volume of fresh water at 99°F (37°C), then stir and allow to stand for 15 minutes and add to the fermenter. Recommended fermentation temperature is between 86°F to 95°F (30°C to 35°C).

PACKAGING

Pinnacle TEQ Nutri is packaged in sealed foil bags and shipped in cardboard boxes of 10kg.

STORAGE

Boxes should be stored in a cool, dry place. Product should be used within three years of its production date for best performance. Opened packages can be stored cool and used within 3-4 days.
